

## Atlas Aerospace, LLC Per Member Per Month (PMPM) Cost

## CASE

- On January 1, 2020, Atlas Aerospace implemented TransparentRx services to alleviate the financial impact of pharmacy expenses.
- TransparentRx successfully decreased Atlas Aerospace's pharmacy costs from \$58 to \$23 per member per month (PMPM) within a year. After accounting for administrative fees and rebates, the first year's savings exceeded \$250,000, achieving a 62% reduction in expenses.
- Member support inquiries are typically general, suggesting that the 1022 members of Atlas Aerospace seldom need substantial help, thanks to effective drug cost management and streamlined operations.
- A generic dispensing rate (GDR) of 90% signifies a successful transition to more cost-efficient generic medications.
- A generic substitution rate (GSR) of 99% illustrates a high proportion of prescriptions where brand-name drugs are effectively replaced with more economical generic counterparts.
- The partnership between TransparentRx and Atlas Aerospace underscores the exceptional service quality and rapid cost savings realized through a fiduciary PBM model.
